

# Funky Attitude

Sheila E.

(Everybody right now)  
(Everybody right now)  
(Everybody right now)  
(Everybody right now)

So tell me baby  
What's up with the act  
You got a chip in your shoulder  
Baby just try to face it  
I'm not coming back  
Don't say I never told you

It's not so crazy just being friends  
We don't have to be lovers  
I know you're hurting but out of respect  
Don't talk about my mother  
You spend so much time tryin' to be rude  
Why the funky attitude  
Oh no

I don't get how you feelin'  
(Everybody right now)  
I don't need no funky attitude  
It ain't cool  
I don't mind if you're trippin'  
(Everybody right now)  
I don't need no funky attitude  
It ain't you

It's second nature for men to be bad  
For you that's okay  
But if a girl wants a little romance  
You say she's just an easy lay  
You're wasting my time trying to be cool  
So drop the funky attitude  
Oh no

I don't get how you feelin'  
(Everybody right now)  
I don't need no funky attitude  
It ain't cool  
I don't mind if you're trippin'  
(Everybody right now)  
I don't need no funky attitude  
It ain't you

I don't get how you feelin'  
(Everybody right now)  
I don't need no funky attitude  
It ain't cool  
I don't mind if you're trippin'  
(Everybody right now)  
I don't need no funky attitude  
It ain't you

Hey Pete, take it down  
Every time I turn around

It's you hanging out just to bother me  
Hey, go back to your wanna-bees  
I got things to do, I don't need this  
First you don't know then you wanna kiss  
Man, you're too busy tryin' to be cool  
I get more respect from a pit bull  
So just ice the attitude

I don't - I don't - (Everybody right now)  
I don't need f-f-f-funky  
I don't - I don't - (Everybody right now)  
I don't need f-f-f-funky  
I don't - I don't - (Everybody right now)  
I don't need f-f-f-funky  
I don't - I don't - (Everybody right now)  
I don't need f-f-f-funky

(Everybody right now)  
(Everybody right now)  
(Everybody right now)

I don't care how you're feelin'  
(Everybody right now)  
I don't need no funky attitude  
It ain't cool  
I don't mind if you're trippin'  
(Everybody right now)  
I don't need no funky attitude  
It ain't you

I don't care how you're feelin'  
(Everybody right now)  
I don't need no funky attitude  
It ain't cool  
I don't mind if you're trippin'  
(Everybody right now)  
I don't need no funky attitude  
(Take me home)  
It ain't you

(Too far gone) [x9]
