

Just For My Mom

Sheila On 7

Sometimes I feel my heart so lonely but that's ok
No matter how my girl just left me, I just don't care
Whenever the rain comes down and it's seems there's no one to hold me
She's there for me, she's my mom
Just for my mom, I write the song
Just for my mom, I sing this song
Coz just my mom, can wipe my tears
And just my mom, can only hear
Trap in a subway, can't remember the day but I feel ok
Damped in damn situation, in every condition with no conclusion
Whenever the rain comes down and it's seems there's no one to hold me
She's there for me, she's my mom
Just for my mom, I write the song
Just for my mom, I sing this song
Coz just my mom, can wipe my tears
And just my mom, can only hear
Just for my mom, I write the song
Just for my mom, I sing this song
Coz just my mom, can wipe my tears
And just my mom, can only hear
You may say I have no one, to cover me under the sun
You only get it from your mom, Mom!
