

Diamonds Do (Interlude)

Shekhinah

Dialling you, I
Can't get through, I
Bet on you, why
You don't want nothing to do with me
So I, helped you move out
Better move on
There go you, gone
Didn't even buy me any jewelry

See I got better things to do
Than always puttin' up with you
And I got better things to do
Than always breakin' up with you

Love is what you do
Love will make you moody
Love is what you
Love is what you do, only if you want to
If you want to, ooh, ooh
Look what diamonds do baby, ooh, ooh

No more cryin'
Realized when, you see I'm right here
You forget to try and
No more lyin'
Pay the price babe
To keep me smilin'
You do what I say
Give me diamonds
Give me diamonds
Give me diamonds (That's true love)
Give me diamonds
Give me diamonds
Give me diamonds
Give me diamonds (That's true love, that's true love, yeah)
Ooh love, you know better
Can you do better?
Ooh love, even in the (Even in the), Stormy weather (Stormy weather)
I need proof love, ooh love, yeah
Hope, your love is true babe
Ooh, look what your diamonds do
