

Fall Apart

Shekhinah

Ayo, Lukey got me floss'n yeah

We fall apart, and it breaks your heart I know
We fall apart, but it's all a part of a story
I really kinda' feel, ideal
I got to get by without you
Keep it together
We're no longer forever
But it's not a waste, I'll love you forever (Forever)

I'll get by
You know how I feel
(It's okay, it's alright)
Your memories are real
(You'll be fine)
You know how to feel
I'll get by
You know how I feel

Fall apart, fall apart, fall apart
I fall-fall, fall apart, 'part
Fall apart, fall apart, fall apart
I fall-fall, fall apart

Maybe I stayed too long (Too long, too long)
Playing that loyal card, yeah (For too long, too long)
I know you're moving on, I won't keep holding on and (Holding on)
And my love for you is strong, but now it don't belong (Don't belong)
Can we conclude this?
Living in an illusion
Keep it together
Go another forever
But it's not a waste
I'll love you forever

I'll get by
You know how I feel
(It's okay, it's alright)
Your memories are real
(You'll be fine)
You know how to feel
I'll get by
You know how I feel

Fall apart, fall apart, fall apart
I fall-fall, fall apart, 'part
I fall apart, fall apart, fall apart
I fall-fall, fall apart
Love you forever

(Fall apart)
You know, you know how to feel (Fall apart, 'part)
Keep it together (Fall apart)
We're no longer forever (Fall apart)
Love you forever ('Part)
