

# Insecure

Shekhinah

You're insecure, these days I confess  
I'm my only friend, it's hard to pretend  
I know how it ends, insecure me  
Please don't hold me back  
Make it through a diamond (Through)

Make it through, make it through (Through-through, through)  
Make it through, I'll make it through  
If you're ready, we'll take it steady  
Just let go  
Just let go

Insecure  
Insecure, insecure  
Insecure  
Insecure  
Just let go (Insecure)  
Just let go

You're insecure, these days I confess  
I'm my only friend, it's hard to pretend  
Money don't make me happy  
Wish I could act naturally  
When you turn your back on me, oh  
No, you didn't have to leave

Through, make it through  
Make it through (Through-through)  
Make it through, I'll make it through  
If you're ready, we'll take it steady  
Just let go  
Just let go

Insecure  
Insecure, insecure  
Insecure  
Insecure  
Just let go (Insecure)

I'm my only friend  
(La-ah, la, la-ah, la)  
It's hard to pretend (La, la-ah)  
(La-ah)  
Just let go  
(La-ah)  
That's the cure
