

Miserable

Shekhinah

I'm miserable, I'm missing you
What can I do? I know we're through
Wish I could just press undo
They say I did best with you, best with you

Let me change your mind (Your mind)
One more time with you (More time)
Babe, you know you're mine
You know you're mine

Long nights, I'm all alone
Wasting my youth, thinking 'bout you
I'm miserable without your love, yeah
I'm miserable
Long nights, I'm all alone (I'm all alone in my room and I)
Wasting my youth, thinking 'bout you (Wasting my youth)
I'm miserable without your love, yeah
I'm miserable

I'm all alone, I'm all alone, I'm all alone
I'm all alone, I'm all alone, I'm all alone
I'm all alone, I'm all alone, I'm all alone
I'm all alone, I'm all alone

I'm miserable, I'm missing you
What can I do? I tell the truth
Wish I could reset, I do
They say I don't get to choose
How it feels to lose you (Lose you, lose you)

Let me change your mind (Your mind)
For the hundredth time (More time)
Babe, you know you're mine (You're mine)
You know you're mine (You're mine)

Long nights, I'm all alone
Wasting my youth, thinking 'bout you
I'm miserable without your love, yeah
I'm miserable, I'm miserable
Long nights, I'm all alone (I'm all alone in my room and I)
I'm wasting my youth, thinking 'bout you (All alone in my room and I)
I'm miserable without your love
I'm miserable without your love, yeah

You made me lose my temper
You said that we're forever
Too bad we're not together
Baby, plain as day
You made me lose my temper
You blamed me for your errors
Say your mistakes are better
Too bad we're not together
Baby, not together

I'm all alone, I'm all alone, I'm all alone
I'm all alone, I'm all alone, I'm all alone
I'm all alone, I'm all alone, I'm all alone

I'm all alone, I'm all alone
You made me lose my temper (I'm all alone, I'm all alone, I'm all alone)
You said that we're forever (I'm all alone, I'm all alone, I'm all alone)
Too bad we're not together (I'm all alone, I'm all alone, I'm all alone)
I'm all alone, I'm all alone, I'm all alone
