

Suited

Shekhinah

Suited for each other, yeah
Don't try to move me from my lover, yeah
Suited for each other [x2]
Tailor made I'm glued up on my lover, I
I never lose him to another, yeah
When we talked on the phone and you said that you love me
Did you say that, this for show, yeah
I wanna scream from the top of rooftop
Tell you that my love for you
I keep on rewind
I struggle to find
You worser to find

What a love, what a love, yeah [x2]
What a lo-ah-ve
What a love, what a love, yeah [x2]
What a lo-ah-ve
What a love, what a lo-ah-ave [x2]
Pray that we both know that
It's just something we both know

Suited for each other [x2]
Don't try to move me from my lover, yeah
Suited for each other [x2]
Tell them that I'll do that for my lover
Never lose him to another, yeah
Never
Never know, yeah
Never
Never lose him to another, yeah
Never
Never know, yeah [x2]

See I just really miss you, yeah
And I'm forever in tune to you
Somehow I just stay glued to you
I wanna, gotta get away
No not forever, just a little break
I can't find myself or place
I don't ever wanna go too far away
So we play husband and wife
You take the keys to my life
I know we're just a little too young, yeah
And having just a little too much fun, baby
What a love that we've got [x2]
When it just don't stop we
Ride it to a special space, I
Pray we never lose the faith, yeah

What a love, what a love, yeah [x2]
What a lo-ah-ve
What a love, what a love, yeah [x2]
What a lo-ah-ve
What a love, what a lo-ah-ave [x2]
Pray that we both know that
It's just something we both know [x2]
It's just something we both know, yeah

We both know, yeah

Suited for each other [x2]

Don't try to move me from my lover, yeah

I'll never lose him to another, yeah

Never

Never know, yeah

Never

Never lose him to another, yeah

Never

Never know, yeah [x2]

Never lose him to another, yeah

Never know, yeah

Know, yeah

Never lose him to another, yeah

Never know, yeah [x2]
