

# Thirsty

Shekhinah

What I do, it's what I do  
What I do, it's what I do

All my ladies know we've been down a crazy road  
Turning back to paper roll, yeah  
Where two can grow, and make a hole yeah  
I thought that we had established this long ago  
Equality being a goal  
But why do I still find myself sip, sipping on my silence  
Taking in all your violence  
I'm too scared, to let a man know what I feel in my soul  
I ain't really that slow yeah  
This is all just for show  
I really know what you are and no, I ain't letting it go  
I think it's time that you know

What I do, it's what I do  
What I do, it's what I do  
Fall in love with every piece of me  
Let me take you in deep with me  
I'm no average knight  
I'm the timer you're the line  
Call me thirsty babe  
Thirsty, thirsty baby  
Thirsty babe  
Thirsty, thirsty baby  
Come with all the shade  
With this music, shit's my grave  
Blow you up on the daily  
If you try to play me  
That's just what I do, that's just what I do  
If you try to play me if you try to play me  
That's just what I do, that's just what I do  
If you try to play me if you try to play me

Ooh I don't play in the major league  
I know that the brothers know that  
They are trying to run away from paying me  
And once again the man takes the lead  
I guess I'll just take a backseat and sip on my tea  
Try keep it on my feet but it's just what I do  
I just act the fool  
Call me what you want  
I ain't running with those dudes I don't got a wolf pack  
Ain't nobody ever had my back  
And no, you ain't the finest DJ in my land  
You think I need you to do what I do?  
No, that ain't no fair  
Just keep your racks  
I know I'll be cool  
Coz' that's just what I do, yeah  
9 out of 10 times  
You know that I'll be more than good to you  
God knows the times I'd let it slide  
You do no right, you shed no light  
All my girls gone pull up and hashtag your ass  
Just like the trash we ain't tryna have

Need more brothers just like my dad  
But I'm not here to brag about the type  
Of understanding, he gave me of a man  
And I know you struggle to hear a girl who don't got her hands out, or her a  
ss out so  
I'ma leave this here so you could figure it out, yeah  
Now figure it out (yeah)

What I do, it's what I do  
What I do, it's what I do  
Fall in love with every piece of me  
Let me take you in deep with me  
I'm no average type  
I'm the timer you're the line  
Call me, call me  
What I do, it's what I do  
What I do, it's what I do  
Fall in love with every piece of me  
Let me take you in deep with me  
I'm no average type  
I'm the timer you're the line  
Call me, call me

What I do, it's what I do  
What I do, it's what I do  
...  
I'm no average type  
I'm the timer you're the line  
Call me, call me
