

# Heaven's Only Days Down the Road

Shelby Lynne

There will come a day when they gather and stand around  
Revel in the glory and my body in the ground  
There will be disciples and a shadow that covers me  
I won't be afraid cause my soul has been set free

100 so miles from the Mobile River  
Lord I can't have her so I got to kill her  
Heaven's only days down the road  
A liquor store down on the county line  
Don't want all the land but what's next to mine  
Heaven's only days down the road

I been insane since I was 9  
Never was the cryin' but the fightin' kind  
Oh yeah  
Load up the gun full of regret  
I ain't even pulled the trigger yet  
Oh yeah

Lost all the faith a man can own  
My hopes are empty and so is my soul  
Heaven's only days down the road  
Look at my fate in the paper now  
I want to put her back but I don't know how  
Heaven's only days down the road

Nobody wants me down here no more  
Look at what I did to make then hate me for  
Oh yeah  
Can't blame the whiskey or my Mammy's ways  
2 little girls are better off this way  
Oh yeah.

Oh heaven's only days down the road  
Oh heaven's only days down the road.  
Oh heaven's only days down the road.  
Down the road.  
Down the road.  
Down the road.
