

## Is It Too Much

Shelby Lynne

Is it too much to carry in your heart?  
Is it too much to carry in your heart

No one else seals the rainfall  
No one else hears the ghost at all  
Is it too much to carry in your heart?  
Is it too much hurtin' in your eyes?  
Is it too much, feelings you try to hide?

No one else walks upon this road  
No one else bears this heavy load  
Is it too much to carry in your heart?

Bring it here to my side  
Tell me about the tears you cry  
Lord knows you must be tired by now  
You whisper what you never tell  
Don't you know you ain't by yourself?  
I'm right here to help you lay it down

Is it too much to carry in your heart?  
Is it too much to carry in your heart?

No one else sees the memories  
No one else lives it with me  
Is it too much to carry in your heart?  
Is it too much to carry?
