

Why Didn't You Call Me

Shelby Lynne

Why didn't you call me
I've been sitting here by the phone
Why didn't you call me
I've been pacing all night long

Never heard it ring
Sitting here listening
But all I here is a heart that's missing your lovin'
Why didn't you call me?
Why didn't you kiss me
My lips have been doing without
Why didn't you kiss me

That's part of what lovin's about
Never had enough
Squeezing and holding
But you're like a drug and baby I'm jonesin' your lovin'
Why didn't you call me?

Baby, baby, baby, you know I'm crazy
Baby, baby, baby, my heart is breakin'
Pick up the phone, come on home
I'm tired of living sad and alone
Need your lovin'

Why didn't you call me, oh yeah
Why didn't you call me
Why didn't you call me
Aww, sitting around

Why didn't you call me?
