

Steady As She Goes

Shellac

Steady as she goes on with life
She was walking down a hall
I feel like I'm breaking
She looks calm and steady as she goes

Steady as she goes on with life
Does she think of me at all?
I feel like I'm breaking
As she goes on with life
As she was walking down a hall
Jesus Christ, I'm shaking
As something shakes before it falls

I did got my rifle
Goes up through the smoke
Jesus Christ, I'm shaking
When I get home?
Will I get home?
Steady as she goes
I feel like I'm breaking

It's something great before it

Steady as she goes on with life
She was walking down a hall
I feel like I'm breaking
As she goes

[illegible]
