

# Ronnie, Call Me When You Get a Chance

Shelley Fabares

Ronnie, I know that you're mad at me  
So I'm writing this note to ask you please

Ronnie, call me when you get a chance  
There's something I just have to say  
I wasn't flirting with Jim  
When you saw me with him  
I could never hurt you that way

So, Ronnie, call me when you get a chance  
And give me a chance to explain  
You saw me talking to Joe  
But I want you to know  
Every other word was your name

You saw me with some of your buddies  
And that was careless of me  
Everything went wrong  
When you came along and saw  
What you weren't supposed to see

So, Ronnie, call me when you get a chance  
So you can get everything right  
I only met with the guys  
Just to plan a surprise  
For your birthday, Saturday night

(Ronnie, call me when you get a chance)  
(Ronnie)

You saw me with some of your buddies  
And that was careless of me  
Everything went wrong  
When you came along and saw  
What you weren't supposed to see

So, Ronnie, call me when you get a chance  
So you can get everything right  
I only met with the guys  
Just to plan a surprise  
For your birthday, Saturday night

Ronnie, call me when you get a chance  
Ronnie, call me when you get a chance  
Ronnie, call me when you get a chance  
Ronnie, call me when you get a chance...
