

## Here We Go

Shelter

Sure he uses love for sex  
And sure she uses sex for love  
And theyre both hoping for the best  
I also have that dream your thinking of  
If we place a blindfold on our eyes  
Then iron and gold appear the same  
Its intense hope that makes us try

(so we go on and play the game)

And once again we get attached we think we've found the answer  
(here, here, here we go again)  
Ran into many walls but i know ill get that answer  
(here, here, here we go again)

we love not wisely but too well

were hoping she will be the one,  
but we never learn from our mistakes  
based on beauty love soon dies  
then we make our move to separate

yes iron and gold appear the same  
but one is costly to obtain  
and ill be the only one to blame  
but if i resist i know ill gain

and once again we get attached we think we found the answer  
(here, here, here we go again)  
ran into many walls but i know ill get that answer  
(here, here we go again)

we love not wisely but too well  
we love not wisely but, not wisely but too well

yes iron and gold appear the same  
but one is costly to obtain  
and ill be the only one to blame if i go on and play the game

and once again we get attached we think we've found the answer  
(here, here, here we go again)  
ran into many walls but i know ill get that answer  
(here, here, here we go again)

yes here we go again

we love not wisely, we love not wisely but too well
