

# Always Have, Always Will

Shenandoah

I'll be the first to admit  
Sometimes I seem to forget  
To tell you how I feel  
To show you my love is real

But, darling, let me tell you now  
If you ever have any doubts  
Just look in these eyes and you'll see the truth  
Girl, when it comes to my loving you

Always have, always will  
Take my word, I will love you until  
The night has no stars  
And the beat of my heart stands still  
Always have, always will

Times may not always be good  
But whoever said that they would  
But girl, when life's not fair  
Just know that I'll be there

With a shoulder to always lean on  
And a heart that will always be strong  
Through valleys and hills, gray skies or blue  
Girl, through it all, I'll be loving you

Always have, always will  
Take my word, I will love you until  
The night has no stars  
And the beat of my heart stands still  
Always have, always will

Till the night has no stars  
And the beat of my heart stands still  
Always have, always will
