

Revival

Shenandoah

It's been a long year, can we all agree?
Feels good to be back in Tennessee
Ain't no place I'd rather be
Sittin' next to you next to me
How you been? How you been? How you been?
Pickin' right up with some real old friends
Been so long it should be a sin
But, here we are again

We're havin' a revival, Good Lord Hallelujah
These red dirt road disciples got spirits runnin' through us
It's roundhead reminiscin' and tale gate conversation
Yeah, we got this down home, hometown congregation
Havin' a revival, revival, revival
Havin' a revival, revival, revival

Six strings by the fire
Everybody's singin' like the choir
Another year older and wiser
But we ain't gonna act our age (No way!)
How you feel? How you feel? How you feel?
Ain't it kinda nice seein' mud on the wheels?
All these trucks circled up in a field
Just like we used to do

We're havin' a revival, Good Lord Hallelujah
These red dirt road disciples got spirits runnin' through us
It's roundhead reminiscin' and tale gate conversation
Yeah, we got this down home, hometown congregation
Havin' a revival, revival, revival
Havin' a revival, revival, revival

Call us prodigal sons
All them town pull some fun
We've been gone but we're back
Like we ain't never left
Yeah we're boot-scootin' dancin'
And clappin' our hands
Like a family
Yeah a man feelin' blessed

We're havin' a revival, Good Lord Hallelujah
These red dirt road disciples got spirits runnin' through us
It's roundhead reminiscin' and tale gate conversation
Yeah, we got this down home, hometown congregation
Havin' a revival, Good Lord Hallelujah
These red dirt road disciples got spirits runnin' through us
It's roundhead reminiscin' and tale gate conversation
Yeah, we got this down home, hometown congregation
Havin' a revival, revival, revival
Havin' a revival, revival, yeah
