Girl, let your guard down, girl, don't put on a front
If you really want it, baby, ya know what I want

Mi want to get nasty
Inna di car that's the after party?
I wan feel your body on my body
But I can't anymore

Round on round
Coming in

We tryna come
To our senses
But we keep pouring up this senseless

Got my body on point so I nit pick
Gotta be good paid with the whip whip
He like
When you gonna give, when you gonna give your number to me?

I'm like
If you really want it, baby, ya know what I want

Mi want to get nasty
Inna di car that's the after party?
I wan feel your body on my body

Walk with slim top on heavy bass
