

## Keep A Place

Shenseea

Yeah (See, Supah Mario a big platinum producer)  
Oh-oh-oh-oh-oh  
Yeah, yeah, yeah, yeah

Keep a place  
A place for me, yeah, yeah, yeah

Baby, please tell me you remember  
From the first time yuh got mi number  
You told me I was all that you longed for  
But we couldn't get past the distance, oh no  
I love you, love you long time, baby  
I love the way I drove you crazy  
I hope the memories ain't fadin'  
Please, keep waitin'

I just hope you keep a place  
A place for me, yeah, yeah  
I hope you keep a place  
A place for me, yeah-yeah, yeah, yeah

The miles on your mind forever  
For the bank we'll all fall under pressure, no, no, no  
Like glue, mi stuck beside you  
I guess, sticky for you, risky for you, yeah  
On another girl you won't find peace, no, no  
Give you loyalty, if you betray me, a war  
You six feet, watch you, ah

Ooh, I just hope you keep a place  
A place for me, yeah-yeah, yeah (Yeah, ayy, ayy)  
I hope you keep a place (Yeah)  
A place for me, yeah, yeah, yeah, yeah

Mek mi tell yuh  
Yeah, yeah  
Keep a place for me  
Keep a place for me
