Make gyal get upset

Anuh everybody get my energy
Me love my own company

Them too badmind, poor you
You nuh like me, an me d'even know you
Full of bad spirits like duppy grow you
Me ago strive and show you

All this success make them vex
Waan compete like say a contest
When me do good that get them press
Cyaan mind dem own damn business

So dem tek set
But me bless
If anuh me God alone can stop this

If you get dem address, them life issa mess
