My deh ya living my best, me not sorry
Me feel fi give it up to somebody
Me can do what me want a my body
Ah, I
Na look nothing too deep anymore
See me deh ya bruck it down pon di dance floor

Baby, I'm only here for a night
And you only get one invite
You know the ting ting good give life
I'm only here for a night
You better know if you slip, you gon' slide
One chance to set the mood right

Just one night to work me out
Work me out
Give sex-ercise and burn me out
Keep it quiet but turn me up
Turn me up
Just one night to work
Work me out
Give sex-ercise and burn me out
Keep it quiet but turn me up
Turn me up
Just one night to work

Work me out
Bad gal, come burn me out
Pretty lady wey no conform
Here for the night
Rendezvous when you want more
Set my gun on the dresser
Bad B, I bless her
Gal, come work to the song
Oh, baby gal, we no dey here for long
Just one night, baby, gimme some more

Just one night to work
Work it out
Come bad, gal, I come burn you out
Deep inside, I'll come turn you out
Work you out, I go run it up, I go turn you up
Turn you up
Yeah, bad gal, I come work you out
Baby gal, I wanna see you in your finest
Make we put that ting really all behind us

Baby, I'm only here for a night
And you only get one invite
You know the ting ting good give life
I'm only here for a night
You better know if you slip, you gon' slide
One chance to set the mood right

Just one night to work me out
Work me out
Give sex-ercise and burn me out

Keep it quiet but turn me up
Turn me up
Just one night to work
Work me out
Give sex-ercise and burn me out
Keep it quiet but turn me up
Turn me up
Just one night to work
