Castaways

Sheppard

I haven't found my way so I'm wandering
And it feels, and it feels like I'm home
All I need to live is serenity
That I find, that I find on my own

And I can see through the harassing
And it's just built a bridge
And it's the long way but neighbor
Won't you come and get lost with me

We're never calling SOS
We're better when we save ourselves
We're sick of thinking ain't no best
So now we're gonna bid farewell

And when the cavalry arrives
We'll just run into the night
Like castaways
Like castaways

I'm farther in the road that's in front of me
I don't care, I don't care where it goes
Wherever we end up is a mystery
I believe in the life that we chose

And I can see it through the harassing
And it's just built a bridge
And it's the long way but neighbor
Won't you come and get lost with me

We're never calling SOS
We're better when we save ourselves
We're sick of thinking ain't no best
So now we're gonna bid farewell

And when the cavalry arrives
We'll just run into the night
Like castaways
Like castaways

We can pack it up
Just the two of us now
Through [?] we can be the [?]

We're never calling SOS
We're better when we save ourselves
We're sick of thinking ain't no best
So now we're gonna bid farewell

And when the cavalry arrives
We'll just run into the night
And when the cavalry arrives
We'll just run into the night
Like castaways
Like castaways
Like castaways

I haven't found my way so I'm wandering
And it feels, and it feels like I'm home
