Sheppard

Baby

I know that you're into me  
It isn't that hard to see  
I think ya ready, think ya ready  
Think ya ready for more

James Dean

You look like you're bad for me  
You're making me skip a beat  
Sophisticated and contagious and I'm ready for more

Ya lookin' like fun, like fun, we can getaway  
You could be the one, be the one (huh!)  
Drive into the sun, to the sun on the interstate  
Ahh ahh ahh (huh!)

Ya lookin' like fun, like fun we can get away  
You could be the one, be the one (huh!)  
Drive into the sun, to the sun on the interstate

Ahh ahh ahh Catalina

Your hands

Can't keep 'em on the wheel  
Cause you like the way I feel  
I got ya beggin' got ya beggin' got ya beggin' for more

Full speed

I'm feeling the heat increase, it's got me weak  
And you know where that could lead  
Oohh I see confetti, see confetti now I'm revving to go

Ya lookin' like fun, like fun, we can getaway  
You could be the one, be the one (huh!)  
Drive into the sun, to the sun on the interstate

Ya lookin' like fun, like fun we can get away  
You could be the one, be the one (huh!)  
Drive into the sun, to the sun on the interstate

Ahh ahh ahh Catalina

I'm drowning in your velvet sky  
You give me sweet release  
You might just be my greatest high

Ya lookin' like fun, like fun, we can getaway  
You could be the one, be the one  
Drive into the sun, to the sun on the interstate  
You could be the one, be the one

Ya lookin' like fun, like fun, we can getaway  
You could be the one, be the one  
Drive into the sun, to the sun on the interstate  
You could be the one, be the one

Ya lookin' like fun, like fun we can get away

You could be the one, be the one  
Drive into the sun, to the sun on the interstate

Ya lookin' like fun, like fun we can get away  
You could be the one, be the one  
Drive into the sun, to the sun on the interstate
