

# Come Back

Sheppard

Well, you got a reputation  
For a mind that floats away  
I get all of your frustrations  
You had another shitty day

I'm gonna sabotage your thinking  
You can give me all control, yeah, yeah  
I can stop the ship from sinking  
Let me drag you back to shore

I feel you slipping away, drifting away, life gets colder  
Let me take it away, all of the weight off your shoulders  
It's a hell of a trap, but we can look back when we're older  
And laugh at all of these times  
So look right into my eyes

Come back  
Come back  
Come back to me girl  
Come back to me girl  
Just come back  
(I can give you love, I can give you love)  
Come back  
(I can give you love, I can give you love)  
Come back to me girl  
Come back to me girl  
Just come back

Can I share a revelation?  
You're the greatest person that I know  
And you deserve the world's attention  
They don't make them like you no more

But now you're slipping away, drifting away, life gets colder  
Let me take it away, all of the weight off your shoulders  
It's a hell of a trap, but we can look back when we're older  
And laugh at all of these times  
So look right into my eyes

Come back  
Come back  
Come back to me girl  
Come back to me girl  
Just come back  
(I can give you love, I can give you love)  
Come back  
(I can give you love, I can give you love)  
Come back to me girl  
Come back to me girl  
Just come back

Lean on, (Lean on me) lean on me now  
Lean on, (Lean on me) lean on me now  
Lean on, (Lean on me) lean on me now  
Lean on, (Lean on me) lean on me now

Come back (Lean on)

Come back (Lean on me now)  
Come back (Lean on)  
Come back (Lean on me now)  
Come back (I can give you love, I can give you love) (Lean on)  
Come back (I can give you love, I can give you love) (Lean on me now)  
Come back (Lean on)  
Come back (Lean on me now)

I feel you slipping away, (Lean on) drifting away  
Life gets colder (Lean on me now)  
Let me take it away, (Lean on) all of the weight  
Off your shoulders (Lean on me now)  
I feel you slipping away, (Lean on) drifting away  
Life gets colder (Lean on me now)  
Let me take it away, (Lean on) all of the weight  
Off your shoulders (Lean on me now)

I feel you slipping away, (Lean on) drifting away  
Life gets colder (Lean on me now)  
Let me take it away, (Lean on) all of the weight  
Off your shoulders (Lean on me now)  
I feel you slipping away, (Lean on) drifting away  
Life gets colder (Lean on me now)  
Let me take it away, (Lean on) all of the weight  
Off your shoulders (Lean on me now)
