

Die Young

Sheppard

In a world that's color blind
We see it all through kaleidoscope eyes
There's a treasure buried in the sand
But we got the compass and map in our hands

We dive into the dark
'Cause life is temporary but we already know
That we are who we are
And we live every day as our last

'Cause even if we die young
They will remember us
Even if we die young
We had a damn good run
Even if we die you-u-u-ng
Oh-oh-oh-oh, oh-oh-oh-oh
Even if we die you-u-u-ng
Oh-oh-oh-oh, oh-oh-oh-oh

Remember dancin' through the streets of Japan
Fallin' in love wasn't part of the plan
Safe to say that we'll never change
We'll always be here runnin' wild in the rain

We burn as bright as the sun
'Cause life is temporary but we already know
That we are who we are
And we live every day as our last

Even if we die young
They will remember us
Even if we die young
We had a damn good run
Even if we die you-u-u-ng
Oh-oh-oh-oh, oh-oh-oh-oh
Even if we die you-u-u-ng
Oh-oh-oh-oh, oh-oh-oh-oh
Even if we die young

Even if we die young
They will remember us
Even if we die young
We had a damn good run
Even if we die you-u-u-ng
Oh-oh-oh-oh, oh-oh-oh-oh
Even if we die you-u-u-ng
Oh-oh-oh-oh, oh-oh-oh-oh
Even if we die young
