

Solid Gold

Sheppard

Celebrate everyday, here I go
I'mma be dripping in solid gold

I've been ready to pick up the pieces
I've been looking to change with the seasons
I know nothing can stop me from feeling good

I've been ready to live on the bright side
I've been looking to soak up the high life
Always knew I could shine and this time I should

Deep down I know I can do this
Without a doubt I can prove it
And if there's a mountain I'll move it right out the way

I'm a little afraid, I'll be honest
But right now I'm making a promise
I'm strapping myself to a rocket, no time to waste

I can't keep waiting, waiting out in the cold
I need a good time, sunshine, dance in the glow
I'll make it rain champagne, so let's make a toast
Celebrate everyday, here I go
I'mma be dripping in solid gold

Why do we need to wait for the weekend
Cause I'm ready to jump in the deep end
And I don't need a reason for feeling good

No it's never too late to believe in
Letting go of the pain you've been keeping
As you're making your way through the darkest woods

Watching the world through a window
Wasting away like a zero
At least I know that I'm a hero beyond today

I'm a little afraid, I'll be honest
But right now I'm making a promise
I'm strapping myself to a rocket, no time to waste

I can't keep waiting, waiting out in the cold
I need a good time, sunshine, dance in the glow
I'll make it rain champagne, so let's make a toast
Celebrate everyday, here I go
I'mma be dripping in solid gold

Dripping in solid gold, dripping in, dripping in solid gold (Huh!)
Dripping in solid gold, dripping in, dripping in solid gold (Huh!)
Dripping in solid gold, dripping in, dripping in solid gold (Huh!)
Celebrate everyday, here I go
I'mma be dripping in solid gold

I can't keep waiting, waiting out in the cold
I need a good time, sunshine, dance in the glow
I'll make it rain champagne, so let's make a toast
Celebrate everyday, here I go

I'mma be dripping in gold

I can't keep waiting, waiting out in the cold
I need a good time, sunshine, dance in the glow
I'll make it rain champagne, so let's make a toast
Celebrate everyday, here I go
