

# We Belong

Sheppard

I had heard of love but had my doubts  
Heartache was something I could do without  
But it started changing when you came around  
And now I never want it to fade

Now that we've lit this fire  
(Get na-na-na-na-na)  
We've got to fan the flame  
(Get na-na-na-na-na)  
To keep it burning higher  
(Get na-na-na-na-na)  
To die another day  
To die another day

(Hoo, ha)  
We belong together  
(Hoo, ha)  
The diamond's under pressure, baby  
(Hoo, ha)  
Through whatever weather  
(Hoo, ha)  
We belong together, baby

We can chase the summer 'til the sun burns out  
Not even gravity can hold us down  
Yes I'm holding on to every minute now  
No I don't ever want it to fade

Now that we've lit this fire  
(Get na-na-na-na-na)  
We've got to fan the flame  
(Get na-na-na-na-na)  
To keep it burning higher  
(Get na-na-na-na-na)  
To die another day  
To die another day

(Hoo, ha)  
We belong together  
(Hoo, ha)  
The diamond's under pressure, baby  
(Hoo, ha)  
Through whatever weather  
(Hoo, ha)  
We belong together, baby

Ooh, ooh, ooh, ooh  
There's something I love about  
Ooh, ooh, ooh, ooh  
There's something I love about  
Ooh, ooh, ooh, ooh  
The woman that's all you are  
Ooh, ooh, ooh, ooh  
There's something I love

We belong together  
The diamond's under pressure, baby

Through whatever weather  
We belong together, baby (Oh yeah)  
(Hoo, ha)  
We belong together  
(Hoo, ha)  
The diamond's under pressure, baby  
(Hoo, ha)  
Through whatever weather  
(Hoo, ha)  
We belong together, baby

Oh, oh, get na-na-na-na-na  
Oh, oh, get na-na-na-na-na  
(We belong together)  
Oh, oh, get na-na-na-na-na  
Oh, oh, get na-na-na-na-na  
(We belong together, baby)  
Oh, oh, get na-na-na-na-na  
Oh, oh  
(We belong together, baby)
