

# I Shall Believe

Sheryl Crow

**E**

1. Come to me now

**A**

And leave your hands over me

**E C#m7 B**

Even if it's a lie,  
say it will be alright

**A**

And I shall believe

2. Broken in two

I know you are on to me  
That I only come home  
When I'm so all alone  
But I do believe

3. Open the door

And show me your face tonight  
I know it's true  
No one heals me like you  
And you hold the key

4. Never again

Would I turn away from you  
I'm so heavy tonight  
But your love is alright  
And I do believe

**C#m7 B**

R: That's not everything is gonna be

**A**

the way I think it ought to be

**C#m7 B**

It seems like everytime I try to make it

**A**

all comes down on me

**C#m7 B F**

Please say honestly you won't give up on me

**E**

**A**

And I shall believe
