Lonely Alone

Sheryl Crow

I heard you say bartender make it strong
I had to guess your lover's gone
I don't know and you don't know me
But there's no reason to be lonely alone

Is this seat taken, do you like this song? Do you tear up when it comes on? You know it's always the same for me For there's no reason to be lonely alone

How 'bout a friend that looks like me? A little gem, a little misery We could use a little company Maybe honey that's what we could be

You probably heard this line a thousand times But you seem like someone I have known Is it the mesquite or do you agree There's no reason to be lonely alone

How 'bout a friend that looks like me?
A little gem, a little misery
We could use a little company
Maybe honey that's what we could be

Bartender say's it's closing time You go your way and I'll go mine Don't want you thinkin' that I'm easy There's no reason to be lonely alone There's no reason to be lonely alone
