

# See You On The Other Side

Sheryl Crow

I'm a traveler here, yeah, I'm a passenger near  
Where everybody takes a fork in the road  
Some people seem to believe that they got all that they need  
But I believe they got a long way to go

So I sit under a tree, looking at you look at me  
But you won't wanna see the thing that you hate  
I'm a poor man, a beggar, a wild and wooly four-legger  
Waiting for you to drop a dime in my plate

Hey y'all, I'm here to bless  
Cos I love everybody like the good book says  
Don't know why but it's hard I guess  
To let love win

Hey y'all, got you in my sights  
Won't give up on you no matter how you fight  
If you'll only try a little change of mind  
Then I'll see you on the other side

I could build you an ark before the rains even start  
But you won't share it with the lowly crowd  
You'd rather sink with the ship than to let anyone get  
Too close to your beloved golden cow

Well, I could harvest for you, could even clean up your room  
I'd do the things you know you'd never do  
You won't remember my name, I got no skin in the game  
But I believe I am the same as you

Hey y'all, I'm here to bless  
Cos I love everybody like the good book says  
Don't know why but it's hard I guess  
To let love win

Hey y'all, got you in my sights  
Won't give up on you no matter how you fight  
If you'll only try a little change of mind  
Then I'll see you on the other side

Look for me in the sunset  
Feel my love every time it rains  
Gotta forgive and forget  
Cos every day's a second chance  
For happiness again and again

All you masters of hype, you instigators of spite  
You keep your followers vibrating with fear  
Well, I don't mean to be mean but all the chaos I've seen  
It might be time for me to reappear

Hey y'all, I'm here to bless  
Cos I love everybody like the good book says  
Don't know why but it's hard I guess  
To let love win

Hey y'all, got you in my sights

Won't give up on you no matter how you fight  
If you'll only try a little change of mind  
Then I'll see you on the other side

Hey y'all, I'm here to bless  
Cos I love everybody like the good book says  
Don't know why but it's hard I guess  
To let love win

Hey y'all, got you in my sights  
Won't give up on you no matter how you fight  
If you'll only try a little change of mind  
Then I'll see you on the other side
