

The Worst

Sheryl Crow

Well I said from the first
I am the worst kinda girl
For you to be around
Tear me apart
Including this old heart
That is true
Never ever put you down

You shouldn't stick with me
Trust me too much you see
Take all the hate, it's yours anyway
Get out, kid

Who put the blame on me?
You oughta pass you see
Somewhere outside
Through [?]
Now it's a tragedy

I said from the first
That I am the worst kind of girl
For you to be around
