

# Dedicate

Sheryl Sheinaria

I want that Bonnie & Clyde  
Ride or die, no one gets it  
Kinda twisted  
All through the night, hold me tight  
I'm your mrs  
Never distant

Our love is like poetry  
And it's taking over me  
It's stuck to my bones and my blood  
So good it'll haunt ya  
The way that I want ya  
Repeat it like a mantra

I want you to cross your heart  
Hope to die  
Dedicate your whole life  
La da di, la da di, la da di  
You know that I'll cross my heart  
By your side  
Dedicate my whole life  
La da di, la da di, la da di

I want that back kinda trust  
If I jumped could you get me  
Are you ready  
I know I'm complex, I'm a mess  
Go through hell to understand me  
A little risky

Our love is like poetry  
And it's taking over me  
It's stuck to my bones and my blood  
So good it'll haunt ya  
The way that I want ya  
Repeat it like a mantra

I want you to cross your heart  
Hope to die  
Dedicate your whole life  
La da di, la da di, la da di  
You know that I'll cross my heart  
By your side  
Dedicate my whole life  
La da di, la da di, la da di

I want you to cross your heart  
Dedicate  
I want you to cross your heart
