

# House Or Home

Sheryl Sheinafia

Everybody down  
Come here  
I need my friends again  
Now that you're all around and near  
Please make me feel  
Less alone

Cause right now it's so cold  
In a house without you home  
I think I gotta go  
To clear my soul

Put myself first  
Know what I'm worth  
I'm not afraid  
To lose all my thirst  
It will all come back  
It will all come back  
Passed the first verse  
Made it just fine  
Take my own space  
Sing my own rhyme  
Till it all comes back  
Until it all comes back

When everyone makes me feel small  
And all there is left is to fall  
I'll feel fine  
But they don't know I'm broken

Cause baby it's so cold  
In a house without you home

And I'm feelin' it  
Feelin' it again that (Oh I'm feelin' it)  
You are feelin' it  
Feelin' all the pain and (Oh I'm feelin' it baby)  
I think yes I think you gotta go and be alright  
(Yeah I think I gotta go and be alright)

Put myself first  
Know what I'm worth  
I'm not afraid  
To lose all my thirst  
It will all come back  
It will all come back  
Been in denial  
Faced all my trials  
Pressed on the breaks  
To all the mistakes  
Till you all come back  
Until you all come back

You know that I'm sick and tired of running  
You know that I'm sick and tired of running  
You know that I'm sick and tired of running  
I know that I'm sick and tired of running

I know that I'm sick and tired of running  
I know that I'm sick and tired of running  
I know that I'm sick and tired of running, now running
