

Back To Summer

Shift K3Y

Ooh you, ooh
Ooh you, ooh
Running away

Night's getting longer
One taste I'm lost in the feeling, yeah
Can't help but want ya
In real life it's more than just dreaming, yeah

Thank God for the moments
Thank God for the highs
Holding onto hope when
When we said goodbye
Long days by the ocean
Those tequila nights
I don't wanna leave 'em behind
No, not tonight

Can we take it back to summer
Where I remember, I remember
Running away?
Take me back to when I loved ya
Yeah, I remember, I remember
Running away with you

Ooh you, ooh
Ooh you, ooh
Running away with you
Ooh you, ooh
Ooh you, ooh, yeah

Hot like the sunshine
Wearing that dress you like
Knew you were all mine, whoa
Wish we could just rewind

Thank God for the moments
Thank God for the highs
Holding onto hope when
When we said goodbye
Long days by the ocean
Those tequila nights
I don't wanna leave 'em behind
No, not tonight

Can we take it back to summer
Where I remember, I remember
Running away?
Take me back to when I loved ya
Yeah, I remember, I remember
Running away with you

Ooh you, ooh
Ooh you, ooh
Running away with you
Ooh you, ooh
Ooh you, ooh, yeah

(Yeah, running away)

Ooh you, ooh
Ooh you, ooh
Running away with you
Ooh you, ooh
Ooh you, ooh
(We got to runaway)
Running away

Can we take it back to summer
Where I remember, I remember
Running away?
Take me back to when I loved ya
(Take me back to when I loved ya)
Yeah, I remember, I remember
Running away with you

Ooh you, ooh
Ooh you, ooh
(Oh, yeah) Running away
Can we take it back to summer
Where I remember, I remember?
Ooh you, ooh
