Shift K3Y

Boy, you
Boy, you
Feelings for you

Do you have any clue?
Baby, what you do
When you look into my eyes
But I feel there's more to me than I let you see
And I don't wanna have to compromise

This could be a real love
This could be a fantasy in motion
This could be a real love
But you gotta have my body and soul
Can't give you half, gotta be whole

I've been holding back for way too long
My feelings for you only getting stronger
You only know a part of me
Tonight, I'ma give you entirety
(Holding back for way too long)

Boy, you
Boy, you
Feelings for you
Feelings for you

Oh, I can't explain
(And what d'ya think about taking your last name?)
Ooh, I can see my future with you
(My future with you, baby)
Play it 'round in my head all the time
But I know I'm ready now
I know it's time you knew the truth

This could be a real love
This could be a fantasy in motion
This could be a real love
But you gotta have my body and soul
Can't give you half, gotta be whole

I've been holding back for way too long
My feelings for you only getting stronger
You only know a part of me
Tonight, I'ma give you entirety
(Holding back for way too long)

I've been holding back for way too long
Only getting stronger
You only know
Yeah

Boy, you
Boy, you
Feelings for you
Feelings for you

I've been holding back for way too long
My feelings for you only getting stronger
You only know a part of me
Tonight, I'ma give you entirety

I'm gonna give you all of me
I'm gonna give you all of me
I'm gonna give you all of me
I'm gonna give you, I'm gonna give you
