

Feel Alive

Shift K3Y

We do what we like...

Don't wait tonight
We're chasing the high
We don't waste the time
We do what we like
Don't wait tonight
We're chasing the high
We don't waste the time
We do what we like

I'm yours again
So take me away

Don't wait tonight
We're chasing the high
We don't waste the time
We do what we like

I'm yours again
So take me away
I'm yours again
So take me away

I'm coming for you
Been waiting for you tonight
Coming for you
Cause you make me feel alive
I'm coming for you
Been waiting for you tonight
Coming for you
Cause you make me feel alive

Don't wait tonight
We're chasing the high
We don't waste the time
We do what we like
Don't wait tonight
We're chasing the high
We don't waste the time
We do what we like

I'm yours again
I'm yours

Don't wait tonight
We're chasing the high
We don't waste the time
We do what we like

I'm coming for you
Been waiting for you tonight
Coming for you
Cause you make me feel alive
I'm coming for you
Been waiting for you tonight
Coming for you

Cause you make me feel alive

Cause you make me feel alive
