

# Let U Have Me

Shift K3Y

You make me  
You make me  
You make me  
Oh, you make me

I can't seem to live without your love  
I can't seem to live without your love  
I can't seem to live without your love  
And I just can't seem to  
Live without your love

Want to badly  
Wanted to let you have me  
Didn't I want you madly?  
Wanted to let you have me  
Didn't I want too badly?  
Wanted to let you have me  
Didn't I want  
Summer days and summer nights  
When I felt you in my arms

Didn't I want too badly?  
Wanted to let you have me  
Didn't I want you madly?  
Wanted to let you have me  
Didn't I want too badly?  
Wanted to let you have me  
Didn't I want  
Summer days and summer nights  
When I felt you in my arms

Didn't I want

I can't seem to live without your love  
I can't seem to live without your love  
I can't seem to live without your love  
And I just can't seem to give you up, you're mine

I can't seem to live without your love  
I can't seem to live without your love  
I can't seem to live without your love  
And I just can't seem to give you up, you're mine

I can't seem to live without your love  
I can't seem to live without your love  
I can't seem to live without your love  
And I just can't seem to give you up, you're mine
