

# In The Future

Shihad

Day and night  
Through every eye  
Always see a different story  
Some are dark  
And some are light  
While others itch to build an army

I've figured out how to relate  
I found the answer in an auto-email  
Said settle down or dominate  
It said, settle down or dominate

It's good to see you're so fired up bare  
But we're not gonna stop  
'Til you all you end up  
Claiming "I win"

'Cause in the future  
We will all be beautiful  
In the future  
We will be unstoppable

Was thinking I could make it right  
But realised that that's a folly  
So disappeared into the night  
To be continued by a different story  
They're breeding/brooding  
Make it back you might ignore the detail

So settle down we'll dominate  
So settle down while we dominate

It's good to see you're so fired up bare  
But we're not gonna stop  
Til you all you end up  
Claiming "I win"

'Cause in the future  
We will all be beautiful  
In the future  
We will be unstoppable

Gotta get out the way  
Keep moving  
Balancing all the blame  
Gotta get out the way  
Keep moving  
Balancing all the blame

Sinner, mother, liar  
Dead end, dead end, dead end  
Get up, line up, fire  
Say it, say it, say it  
Sinner, mother, liar  
Dead end, dead end, dead end  
Get up, line up, fire  
Say it, say it, say it

I've figured out to relate  
I found the answer in an auto-email

In the future

In the future

Balancing all the blame
