Headcase

Shinedown

Ammunition, all I need is ammunition
Superstition, yeah, you got a real condition
Obsoleted, yeah, I know you complicated
Transparent, yeah, I know you blame your parents

White trash kingdom with an ocean view
I hope you don't regret it because you're born to lose
You're trying to negotiate the hammer of the god
But I'm already convinced that you're an oxymoron, so

Who's the headcase, who's the headcase now?
It's hard to be happy when you don't know how
Who's the headcase, who's the headcase now?
(Hey, hey) Who's the headcase now?

Who's the headcase, who's the headcase now?
I heard you're hearing voices, but I hope it works out
Who's the headcase, who's the headcase now?
(Hey, hey) Who's the headcase now?

(Head, case) Who's the headcase now?
(Head, case) Who's the headcase?

Ironic, yeah, it's ironic
That you're using your mind as promised
Decisions, yeah, I got a premonition
That you need a ton of supervision

White trash kingdom with an ocean view
I hope you don't regret it because you're born to lose
You're trying to negotiate the hammer of the god
But I'm already convinced that you're an oxymoron, so

Who's the headcase, who's the headcase now?
It's hard to be happy when you don't know how
Who's the headcase, who's the headcase now?
(Hey, hey) Who's the headcase now?

Who's the headcase, who's the headcase now?
I heard you're hearing voices, but I hope it works out
Who's the headcase, who's the headcase now?
(Hey, hey) Who's the headcase now?

(Head, case) Who's the headcase now?
(Head, case) Who's the headcase now?
(Head, case) Who's the headcase now?
(Head, case) Who's the headcase?

Who's the headcase, who's the headcase? (Hey!)
Who's the headcase, who's the headcase? (Hey!)
Who's the headcase, who's the headcase? (Hey!)
Who's the headcase, who's the headcase? (Hey!)

Who's the headcase, who's the headcase now?
It's hard to be happy when you don't know how
Who's the headcase, who's the headcase now?
(Hey, hey) Who's the headcase now?

Who's the headcase, who's the headcase now?
I heard you're hearing voices, but I hope it works out
Who's the headcase, who's the headcase now?
(Head, case) Who's the headcase now?

(Head, case) Who's the headcase now?
(Head, case) Who's the headcase now?
(Head, case) Who's the headcase?
