Like every minute every second of each day is different
You are different every day
The first of all of them
It means you are unique

Your voice calls to me
It comes to me softly and slides into my ear
Your hands that wrap around me
Lead me to the radiant world that I've never seen before

You are '1 of 1' girl
Only one
You are certainly the answer to me

Like a fleeting sweet song
It's perfect on you, I keep calling you
