I don't like the word love  
You used to say  
Oh girl

No one understood you  
Only I knew those painful words  
And the meaning behind them

It's hard to say with words  
These emotions are whirling around  
Losing all my control  
It started with you  
And only you can end this heart

Save me

All I've got is you  
And I'm so into  
Now I can finally breathe  
Girl you're my dream come true  
The criminal of the night  
Is alive  
Let me feel your body temperature  
Baby you're my Rescue

Only you can take me out  
Only you can make my blood circulate  
Only you are the way to being rescued  
You're my rescue, you're my rescue

I'm running out of breath  
On top of the blue ocean  
I'm a lone drifting boat  
I want you as if I'm thirsty  
Oh baby, come here

Every place you touch  
It's mysterious, you make me soft  
Losing all my control  
My body gets hot  
My lips get red  
Like I'm born again

All I've got is you  
And I'm so into  
Now I can finally breathe  
Girl you're my dream come true  
The criminal of the night  
Is alive  
Let me feel your body temperature  
Baby you're my Rescue

I'll hold you tight  
Only this place is safe  
I wanna stay by your side  
The way you are  
Way you are way you are  
So this love won't crumble  
I won't go anywhere  
I wanna stay by your side  
The way you are way you are

All I've got is you  
And I'm so into  
Now I can finally breathe  
Girl you're my dream come true  
The criminal of the night  
Is alive  
Let me feel your body temperature  
Baby you're my Rescue

Only you can take me out  
Only you can make my blood circulate  
Only you are the way to being rescued  
You're my rescue, you're my rescue

Only you can take me out

Only you can make my blood circulate  
Only you are the way to being rescued  
You're my rescue, you're my rescue

Only you can take me out  
Only you can make my blood circulate  
Only you are the way to being rescued  
You're my rescue, you're my rescue
