You approached me with an unfamiliar face  
Everything was taken from me by that first glance  
I have changed  
You have switched everything  
Oh lalalalalalala lalalalala  
Although the inside of my  
Complicated mind shakes  
The only thing that shines  
Through the cracks is you

Who I'm living for  
What I'm heading for  
There is a distinct  
And precise control  
Only you have to understand me  
That's all I need  
You're the one person  
I've wanted like crazy

Can't get you out of my head, I want you  
After a thousand times, I still think the same  
See who's gonna protect you in the end  
Oh lalalalalalala lalalalala

My head is cold  
So my heart becomes hotter  
The end has already been decided  
Like a winding clockwork

Who I'm living for  
What I'm heading for  
There is a distinct  
And precise control  
Only you have to understand me  
That's all I need  
You're the one person  
I've wanted like crazy

Can't get you out of my head, I want you  
After a thousand times, I still think the same  
See who's gonna protect you in the end  
Oh lalalalalalala lalalalala

The light turns on at a dark street  
I'm wandering around to find you again  
The unfamiliar darkness  
Is all that remains in my hand

Your back slides past my sight  
Only saying there's no promise of a next time  
You are two-faced and I try as much as possible  
To focus my attention while intoxicated by hatred  
On you who is facing the storm  
I find you by following my instinct

You approached me with an unfamiliar face  
Everything was taken from me by that first glance  
I have changed  
You have switched everything  
Oh lalalalalala lalalala

Can't get you out of my head, I want you  
After a thousand times, I still think the same  
See who's gonna protect you in the end  
Oh lalalalalala lalalala

That unfamiliar face is no longer unfamiliar
