Tonight, let it all go instead of looking back
Always a step ahead
Let's follow those feelings, 'cause life goes on
Not even for a day have I stopped, always in motion
Fly straight ahead, I'm feeling so alive

Set fire to the dark and show you my light (Oh-oh-oh-oh-oh)
A long arc I draw a path for you
Hold your head up, where you stand is in the right (Oh-oh-oh-oh-oh)
Every bit of you I'll illuminate

I wanna feel

Oh-oh-oh, oh-oh-oh-oh-oh

I know that we'll always make blunders (Blunders)
Nothing's guaranteed in the end, oh
Whatever answers we seek
They're ever unfolding, tied to every decision
You're the only treasure that I found
Hold you close with all my might, woah-oh

For your world, deep in your night
Wake! A flare, a thrilling burst of light
And in that very moment, I'm feeling so alive

I wanna feel
Set fire to the dark and show you my light (Oh-oh-oh-oh-oh)
A long arc I draw a path for you
Hold your head up, where you stand is in the right (Oh-oh-oh-oh-oh)
