"We" should not be over  
Passing by each other (without meeting)  
It happens a lot  
(But) I don't want it to stop, first, let's talk  
You're gonna move on, gonna move on, girl  
You're gonna move on, gonna move on, girl, hey  
It's such a cruel way to say goodbye  
Without even getting in touch, ah

This love is an extraordinary love (Oh my, oh my love)  
I don't want to part (from you) (we're forever and ever, the end)

I believe in wishful thinking  
What are you doing? Who are you smiling at?  
Your wistful feeling, I should've felt it  
That's right, perhaps we must've felt the same  
I recite it like an incantation (You're mine, you're so fine)

Wishful thinking  
"Even now, I'm still all yours"

It has always been only you  
I'm devoted to you, in complete fidelity  
I'm really swept away by you like this  
What should I do? Tell me what I got to do  
So hear me now, my lost lady  
Let's get it started again started again, come on  
So it's wishful thinking, come back to me, baby

This love is an extraordinary love (only love)  
I don't want to be separated from you!

I believe in wishful thinking  
What are you doing? Who are you smiling at?  
Your wistful feeling, I'm obsessed with it  
I'm bound hand and foot, it's outrageous  
I recite it like an incantation (You're mine, you're so fine)  
Wishful thinking  
You're the only one who can save me

Wishful thinking  
Let's change our uneasiness to hope  
Since I am unable to convey my thoughts to you  
You have to know, love is still with us  
I love you always

Ah yeah  
Whatever you wish  
Whatever you wish wishing  
Whatever you wish  
Whatever you wish wishing  
Whatever you wish  
Whatever you wish wishing  
Don't stop

I believe in wishful thinking  
What are you doing? Who are you smiling at?  
Your wistful feeling, I should've felt it  
That's right, perhaps we must've felt the same  
I recite it like an incantation (You're mine, you're so fine)  
Wishful thinking  
"Even now, I'm still all yours"

Come on  
Yeah yeah yeah yeah yeah yeah
