

Glad You Came My Way

Shirley Caesar

It was a time in my life, love I couldn't see
You showed me, what love could be
Now I'm so happy just being with you
Glad you came my way

You opened up your arms, Lord, took me in
I hope this feeling will never end
Now I'm so happy just being with you
Glad you came my way

Glad you came, glad you came my way, Lord
Glad you came along
Why did it take me so long

Late at night, when I need a friend
You comfort me and I get peace within
Now I'm so happy just being with you
Glad you came my way

Glad you came, glad you came my way, oh Lord
Glad you came along
Why did it take me so long

Came my way
