

I Am Determined

Shirley Caesar

I am determined to go with him all the way
I am determined to never, never go astray
I know, Lord, you know my heart
With him all the way

Now, I am determined to go with him all the way
I am determined, yes I am, to never, never go astray
I know, Lord, you know my heart, Lord
I'm going with him all the way

Hallelujah

My mountains are so high
And my valley seems so low, yes it does
My burdens press me down so heavy, Jesus
Sometime they send me from door to door
Now I'm made in my mind, I'm gonna give you all of my time
And I'm going with him all the way

Now, I am determined to go with him all the way
I got a made up mind to go with him all the way
I know, Lord, you know my heart
And I'm going with him all the way

I've got one more thing I wanna tell you

Now there are times in my life
Times I've been made to cry
I just stand around and wring my hands, Jesus
And I ask you questions: Lord, why me?
But into every life some rain got to fall
And I'm going with you all the way

I'm going with you all the way
I've got a made up mind to go with you all the way
I'll go, Lord, where you want me to go
I'm going with you all the way

Hallelujah

I'm going with you all the way
I never shall forget my mind to go all the way
I'll go, Lord, you know Lord
I'm going with you all the way

I'm going with him all the way
I'm going with him all the way

I'm going, I'm going, I'm going
I got a made up mind
I got a great determination
You can talk about me as much as you please
But the more you talk
I'm gonna bend my knees
I'm going, I'm going, I'm going all the way
Yes, I am
