

I'm Going Through

Shirley Caesar

I'm going through no matter what others do
I'm going to stay with the Lord and I am going through
Jesus, sanctify me, let me have myself in me
'Cause I'm going through, yes, I'm going through
I'm going through, yes, I'm going through

I'm going through no matter what others do
I'm gonna stay with the Lord and I am going through
I'm gonna stay in the holy way and never let you lead me astray
I'm going through, yes, I'm going through
I'm going through, yes, I'm going through

Keep your eyes up on the price
Jesus Christ is on your side
With the Lord I'll always stay never let you lead me astray
I'm going through, yes, I'm going through
Can I get a witness
I'm going through, yes, I'm going through

I'm going through no matter what others do
I'm gonna stay with the Lord and I am going through
When I was blind and could not see
You came along and lifted me
I'm going through, yes, I'm going through
I'm going through, yes, I'm going through

Will you come and go with me now?

Going, I'm going through
Going, yes I am going through
My Lord, I've given you my word that I have to walk on
I got a made up mind to go through
I might have to cry sometimes, but I'm going through
They might turn their backs on him, but I'm going through, yes I am
They might even scandalize my name, but I'm going through
I want somebody to know, if they never hear me no more
I got a made up mind and I got a great determination
I'm going through, I'm gonna pay the price
Whatever I must do, I'm gonna take away with the Lord despite for you
Now listen, I must go, I shall go, I will go and I'm going through
If Momma don't go, I'm going through, yes I am
If the Caesar Singer, they don't go, I'm going through
Going, I'm going through
You may buke and scorn me sometimes, but I'm going through
I heard Jesus say...
