

It's Been Worth Having The Lord In My Life

Shirley Caesar

It's been worth having the Lord in my life
I'm satisfied just living for Jesus Christ
It's been worth having the Lord in my life
I don't know what I would do without the Lord

Every day yes we love walking with the savior
I get all excited every time I talk with him (with him)
You have not lived until you lived for Christ
In him there is security, in a world full of uncertainty
We need Jesus

It's been worth having the Lord in my life
I'm satisfied just living for Jesus Christ
It's been worth having the Lord in my life
I don't know what I would do without the Lord

It was the grace of God
That brought me down through the years
It was the grace of God
That took away all of my fears (my fears)

It's been worth having the Lord in my life
I'm satisfied just living for Jesus Christ
It's been worth having the Lord in my life
I don't know what I would do without the Lord

It's been worth having the Lord in my life
I'm satisfied just living for Jesus Christ
It's been worth having the Lord in my life
I don't know what I would do without the Lord
