

# Just a Talk

Shirley Caesar

Just a talk, a talk with Jesus  
Just a talk, a talk with Jesus  
My dearest child  
To show you how He bridges over problem  
You've spent your whole life trying to find

In this troubled world we're living in  
Like children lost until they're found  
We need direction from the master  
To set our sights on higher ground

He knows your needs before you ask Him  
And if you're patient He'll hear you out  
If you can just wait on the Lord  
He'll save your soul and move all doubt

Just a talk, a talk with Jesus  
Have a little talk it'll really change your mind  
Just a talk, a talk with Jesus  
You've spent your whole life trying to find

When you're feeling sad and lonely  
He'll fill your life with love overflowing  
Faith will lead you through the darkness  
Guided by a light from above

He knows your needs before you ask Him  
And if you're patient He'll hear you out  
If you can just wait on the Lord  
He'll save your soul and move all doubt

Just a talk, a talk with Jesus  
Have a little talk it'll really change your mind  
Just a talk, a talk with Jesus  
You've spent your whole life trying to find

Just a talk, a talk with Jesus  
Have a little talk with Jesus  
It'll move your problems  
It'll lift your burden  
It'll bring you out  
It'll take you through  
Sooth your sorrows  
Wipe the tears from your eyes  
If you talk with Jesus He'll carry all the way through  
I tell you talk to Jesus  
When you go to your friends, they turn their backs on you  
When you go to your loved ones, they turn their backs on you  
Talk to Jesus  
Come on and talk to Jesus  
He'll make everything alright  
He'll get in your heart  
He'll get in your hand  
He'll get all over you  
Have a little talk with Jesus
