

# Miracles

Shirley Caesar

Miracles

Jesus stood at the tomb where Lazarus laid  
His mother kept saying he's been dead for four days  
But Jesus just smiled and called out his name  
And out of his grave Lazarus came

Miracles, Miracles  
And no matter what you think  
And no matter what you say  
And no matter what you do  
You'll never be able to explain it away  
Miracles

A woman came to Jesus, she had an issue of blood  
She said, I tried the doctors, but it didn't do me no good  
She left there with a healing  
Because she knew that Jesus could do what no doctors could do

He is still working miracles  
No matter what you think  
No matter what you say, how you talk about it  
No matter what you do  
You'll never be able to explain it away  
Miracles

The tomb was sealed and then Satan laughed  
Thinking, I've killed the Son of God at last  
When Jesus walked out early on that third day  
With the keys to death, hell and the grave

He's working miracles, I know he is  
He's working miracles  
And no matter what you think  
And no matter what you say  
And no matter what you do, glory to God, hallelujah  
You'll never be able to explain it away

He heals the body, the soul and the mind  
Miracles and wonders, he's always on time  
He said, I've come that you might life  
Whatever you ask of him, he surely will give

He's working miracles  
He's still working miracles  
And no matter what you think  
And no matter what you say, when you give it to Jesus, it's already done  
And no matter what you do  
And no matter what you think, give it to Jesus, don't worry about it no more  
And no matter what you say, give it to Jesus  
And no matter what you do, he will wipe your tears from your eyes  
And no matter what you think  
And no matter what you say  
And no matter what you do, he'll solve the problem  
You may have a problem in your life  
He's able to solve the problem, yes he is  
You'll never be able to explain it away
