

# Slow Down

Shirley Caesar

Why can't we seek true love and true peace?  
Slow down  
Why do we hate and discriminate?  
We've gotta slow down

When will we finally see true love is the key  
To love, peace and joy divine  
We've been moving too fast  
We're headed for a crash  
Brother, slow down

Mothers against daughters  
Fathers against their sons  
You've got to slow down  
Another thing: We've got to try to all live as one  
Slow down

By the time we find hate has destroyed our mind  
It might be too late  
So hear what I say  
God's love is the only way  
Slow down

By the time we see true love is the key  
To love, peace and joy divine  
We're moving too fast  
We're headed for a crash  
Brother, come on and slow down

Can I tell you something else  
Why can't we see true love between you and me  
You gotta slow down  
Let me tell you what the bible said  
The bible said "Seek and ye shall find true love and peace of mind"  
Slow down  
Let me tell you something, young man  
You're moving too fast  
And you're headed for a crash  
Brother, slow down  
Tell your sister to slow down  
You're moving too fast  
You're headed for a crash  
Listen church members  
You gotta slow down  
Listen young woman  
You gotta take your time  
Slow down  
You're living too fast  
You're headed for a crash  
You're in too big of a hurry  
Slow down
